

COLORS

The possible finishes have been extended, now also available the colours, in the image in order from left to the right: Red RAL 3001, Blue RAL 5011, Garnet RAL 3005 y el Red Sirung.

BEN

Systemtronic presented its latest auxiliary furniture designed by Estudio Enblanc at the Salone del Mobile in Milan, a studio that began its collaborations with Systemtronic with the collection of auxiliary furniture Hold.

It is a compact piece of furniture characterized by its wheels and handle, finished in natural oak.

Made of oak and steel sheet painted with polyester paint.

DROP TOP

New paper bin that extends the drop collection, includes a top that partially hides the waste. Designed to identify the type of waste that suits each circumstance with a vinyl pictogram, as required: glass, organic, general, paper or plastic. Offers a combination of the different uses.

Made of galvanized steel and painted with thermo-hardened powder paint lacquered in the oven.

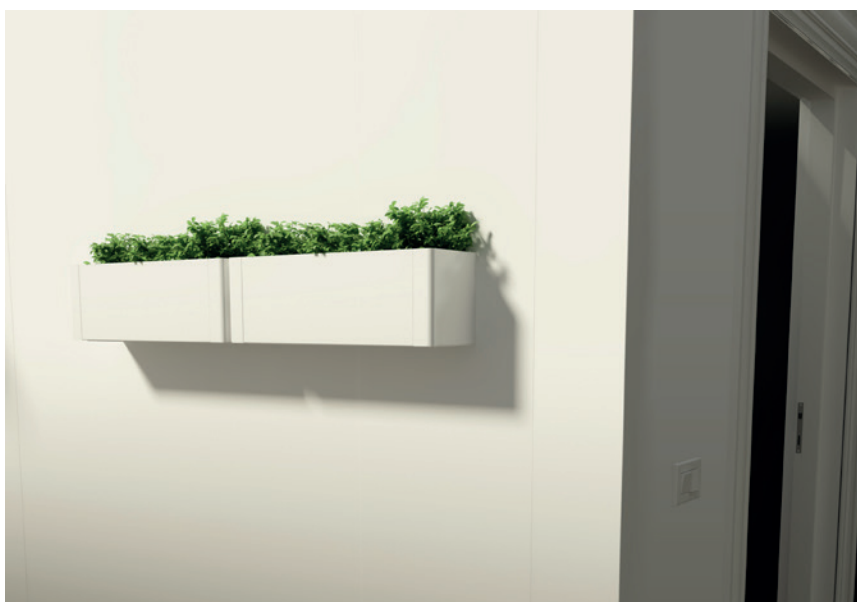

We recommend 65x90cm garbage bags or 65 or 70 liter garbage bags.

Includes a galvanized steel inner ring that holds the bag.

CONEE

The Conee family has been adapted for outdoor use, now available in aluminum.

GREEN LIGHT TO WALL

Rectangular planters now available for the wall.

CELES

A central handle has been added as an accessory to the Celes table.
